

INDUSTRIAL CARPET WASHING MACHINES

Worker SC 3500 – 12ft

Automatic Rug Washing Machine

OVERVIEW

Industrial automatic rug washing machine for professional facilities. Larger working width for high-volume commercial carpet and rug washing.

CE Compliant

Industrial Quality

Energy Efficient

Worker SC 3500 – 12ft

Industrial Carpet Washing Machines

KEY FEATURES

- 12 ft working width
- Automatic rug washing system
- Industrial-duty construction
- Continuous washing operation
- Heavy-duty machine components
- High-volume production ready

APPLICATIONS

- Professional rug-cleaning facilities
- Commercial rug washing

BENEFITS

- Consistent rug washing results
- Handles larger rugs efficiently
- Reduces manual cleaning work
- Improves production workflow
- Supports high-volume processing
- Saves overall processing time

TECHNICAL SPECIFICATIONS

Machine Type	Automatic Rug Washing Machine
Working Width	12 ft
Operation	Automatic
Application	Carpet & Rug Washing
Construction	Industrial
Motor Power	4 kW
Materials	Heavy-duty industrial frame
Accessories	Automatic washing system
