

INDUSTRIAL CARPET WASHING MACHINES

Worker SC 3000

10ft Automatic Rug Washing Machine

OVERVIEW

Industrial automatic rug washing machine designed for professional carpet and rug-cleaning facilities with efficient, consistent washing performance.

CE Compliant

Industrial Quality

Energy Efficient

Worker SC 3000

Industrial Carpet Washing Machines

KEY FEATURES

- 10 ft working width
- Automatic rug washing system
- Industrial-duty construction
- Adjustable washing settings
- Heavy-duty machine components
- High-volume production ready

APPLICATIONS

- Professional rug-cleaning facilities
- Commercial rug washing

BENEFITS

- Consistent rug washing results
- Reduces manual cleaning work
- Improves cleaning efficiency
- Supports high-volume production
- Reduces processing time
- Professional washing workflow

- Carpet-cleaning businesses
- Rug restoration facilities

TECHNICAL SPECIFICATIONS

Machine Type	Automatic Rug Washing Machine
Working Width	10 ft
Operation	Automatic
Application	Carpet & Rug Washing
Construction	Industrial
Motor Power	4 kW
Materials	Heavy-duty industrial frame
Accessories	Automatic washing system
