

CARPET PACKING MACHINES

Tesla X 3000

10ft Carpet Rug Finishing & Packing Machine

OVERVIEW

Industrial finishing machine combining vacuuming, brushing, grooming and finishing to prepare rugs for packing and delivery.

CE Compliant

Industrial Quality

Energy Efficient

Tesla X 3000

Carpet Packing Machines

KEY FEATURES

- Max width: 3,000 mm / 9.8 ft
- 4 upper sweeping brushes
- Powerful vacuum system
- Adjustable conveyor belt speed
- Painted-steel construction
- CE certified

APPLICATIONS

- Professional rug-cleaning facilities
- Rug finishing operations

BENEFITS

- Improves final rug appearance
- Removes loose dust and debris
- Consistent carpet grooming
- Reduces manual finishing work
- Improves production efficiency
- Prepares rugs for packing

- Carpet-cleaning businesses
- Carpet restoration facilities

TECHNICAL SPECIFICATIONS

Max Carpet Width	3,000 mm / 9.8 ft
Sweeping Brushes	4
Vacuum Capacity	3,000 m³/h
Daily Capacity	Up to 21,528 ft²/day
Motor Power	7.45 kW / ~10 HP
Voltage / Phase	380 V / 3 Phase
Construction	Painted Steel
Certification	CE
